

CATALYZE STUDENT SUCCESS THROUGH THE TALENT PIPELINE

career service professional

BOLSTER YOUR CAREER SERVICES TOOLBOX

UT Connects Talent offers a dashboard specifically for career services professionals, dedicated to tracking and reporting. With UT Connects Talent, you can:

- View and download real-time data on student activity by major, class-level, demographics, contact information and more
- Monitor student/employer interaction
- Identify opportunities for formal employer engagement

HOW IT WORKS

Helping students and recent graduates find the perfect position isn't always easy. UT Connects Talent quickly connects candidates to meaningful jobs and internships that are a great fit for them.

To start the process, candidates answer simple, occupation-specific questions driven by more than 100,000 unique job characteristics. Then, based on skills, requirements and job interests, candidates receive instant compatibility scores, while employers receive instant notifications of job matches.

CONNECT YOUR STUDENTS TO THE BEST OPPORTUNITIES

UT Connects Talent provides your students and recent graduates with a job-matching tool as dynamic as they are. It guides candidates through job interest surveys to create a unique profile that goes far beyond a resume.

With UT Connects Talent, students and alumni benefit from:

- A ranked list of opportunities that best suit skills and interests
- Immediate feedback on alignment to specific opportunities
- Unbiased, correlated matching to employers
- Email and text notifications of new opportunities, eliminating the need for constant browsing
- Options to initiate or accept contact with employers of interest
